CONGRESS SPONSORSHIP OVERVIEW

SPONSORSHIP OPPORTUNITIES OVERVIEW

High-Impact Scientific Congress

- The congress gathers international experts, clinicians, and researchers focused on bioactive dentistry and minimally invasive protocols.

Engaged Sponsorship Model

- Sponsorship emphasizes meaningful engagement, scientific dialogue, and product visibility beyond passive logo placement.

Customizable Sponsorship Packages

- Multiple sponsorship levels accommodate different budgets and objectives, maximizing visibility and impact.

Prime Venue Exposure

- Sponsors gain maximum exposure in the congress foyer, the main entrance and networking area with high foot traffic.

1

ABOUT THE CONGRESS

This international congress will gather **leading experts, clinicians, researchers, and students** in restorative dentistry, preventive dentistry, biomaterials, and oral biology to explore the transformative role of **bioactivity in modern cariology**.

Key Topics

- Bioactive dental materials
- Biomimetic restorative approaches
- Remineralisation strategies
- Minimally invasive clinical protocols
- Translational research and innovation

Scientific Programme

- Keynote lectures from global leaders
- Oral and poster presentations
- Hands-on workshops
- Industry-academia interaction

2

AUDIENCE PROFILE

- University academics and researchers
- Clinicians and specialists in restorative dentistry
- PhD and postgraduate students
- Industry professionals (R&D, product development)

Expected attendance: **400–600 participants.**

High-level international visibility.

WHY SPONSOR?

3

Sponsoring this congress provides:

- Direct access to a **targeted, high-level dental audience**
- Opportunities to showcase **innovative products and technologies**
- High visibility in a **scientific and clinical environment**
- Networking with **key opinion leaders (KOLs)**
- Brand positioning aligned with **innovation in bioactive dentistry/cariology and MID**

4
